Cyclone X3
Electric Air Duster With 3 Speed Levels

Introducing the GekoGear Cyclone X3, a revolutionary cleaning tool that takes air dusting to a whole new level. Engineered with three dynamic modes, this high-powered device reaches an impressive 13,000 revolutions per minute (RPMs), providing unparalleled efficiency in removing dust and debris. Whether you need a gentle breeze for delicate electronics, a moderate flow for everyday cleaning, or a turbocharged blast for stubborn dirt, the Electric Air Duster Pro adapts to your cleaning needs with ease.

3 Adjustable Speeds Up to 13000RPM

A revolutionary cleaning tool that takes air dusting to a whole new level. Engineered with three dynamic modes, this high-powered device reaches an impressive 13,000 revolutions per minute (RPMs), providing unparalleled efficiency in removing dust and debris.

Multi Purpose

Your ultimate solution for versatile and efficient cleaning. Engineered for a wide range of applications, this powerful device is designed to tackle dust and debris in every nook and cranny from delicate electronics to intricate machinery.

Eco-friendly and Energy Efficient

The eco-friendly and energy-efficient solution to your cleaning needs. Engineered with sustainability in mind, this cutting-edge device not only delivers powerful cleaning performance but also minimizes its environmental footprint.

Portable and Lightweight

Upgrade your cleaning routine with the power and portability of our Electric Air Duster, where control meets performance at every speed.

Magnetic Cover

Equipped with a magnetic nozzle attachment for precise airflow to target smaller areas.

Specifications:

Max Speed: Up to 13,000 Rpms
Adjustibility: 3 speed levels
Buttons: Power button / Speed button
Power interface: USB-C
Weight: 0.66 lbs
Dimensions: 5.5 x 3.7 x 1.5"
LED's: Battery status / Speed indicator
