

# Orbit 118

## 1080P Full HD Compact Dash Camera

Provide clear footage in 1080p with the Orbit 118. Designed to be compact and small to keep your windshield and view unobstructed. Built without a screen to simply plug and play, easy installation and user friendly. Instant file sharing made easy to view, download, and share to your smartphone through the mobile app. Equipped with a g-sensor to lock on to your emergency files. Be prepared and record your drives and provide evidence in the case of an accident.

### Full HD 1080P

Record your drives in clear 1080p full high definition. Be able to provide clear evidence of what happened on the road.

### Compact Design

Experience a high performance dash cam in a sleek, space-saving, and discreet design. Compact size meets all needs for daily recording purpose.

### Wi-Fi for Instant File Sharing

Connect your dash cam to the mobile APP on your smartphone to conveniently view, download, and share your footage instantly.

### G-Sensor for Emergency File Saving

The G-sensor is a gravity sensor that will sense any collision, swerve, or hard braking, and automatically lock the current video so it cannot be loop recorded over.

### Supports 64GB, 8GB MicroSD Card Included

Supporting 64GB, record several hours of footage before it's loop recorded over. Our package includes a 8GB microSD so you can immediately install and start recording your drives.
