

Orbit 120

1080P Full HD Dash Camera

The Orbit 120 is a reliable compact dash cam shooting in 1080p, capturing clear footage to provide evidence in cases when drivers need it the most. Using 120° wide angle lens allows you to capture more lanes of the road. More importantly, with a wider range, you'll capture those small details such as license plates. A G-sensor is the embedded gravity sensor that can sense drastic braking or a collision, automatically locking onto your emergency files ensuring it won't be loop recorded over. An 8GB microSD card is included in the package, so drivers can instantly install and be ready to capture everything that may unfold on the road.

Full HD 1080P

Records in 1080p full HD resolution. This will smoothly capture clear video in fast moving scenes.

Compact Design

Experience a high performance dash cam in a sleek, space-saving, and discreet design. Compact size meets all needs for daily recording purpose.

120° Viewing Angle

With a wider field of vision, you'll be able to capture more lanes of the road. You won't need to worry about missing those small details on the road such as license plates.

G-Sensor for Emergency File Saving

The G-sensor is a gravity sensor that will sense any collision, swerve, or hard braking, and automatically lock the current video so it cannot be loop recorded over.

Supports 32GB, 8GB MicroSD Card Included

A 8GB microSD card is included in the package, so you'll be set to install in your car and start recording. This device supports up to 32GB of external storage, allowing 5 hours of recorded footage before being loop recorded over.

Specifications

Resolution: 1080p

Image Sensor: CMOS Sensor

Display: 2" TFT

Video Format: .avi

FOV: 120°

G-Sensor: Yes

Motion Detection: Yes

Storage Memory: 8GB included (Supports up to 32GB)

Unit Dimensions: 2" x 1" x 2" in

Unit Weight: 0.25 lbs

Mount: Suction Cup

Interface: Mini-USB

Power Supply: 180mAh Li-ion battery embedded

Operating Temperature: 14°F~149°F / -10°C~65°
